

Wine Tasting

We offer a number of different drink tastings in our unique wine cellar, which, apart from many excellent, exclusive wines, has also housed the worst criminals, then in the guise of a storm cell. Have a try, and learn more about different grapes or the same grape variety from different climates. You can also taste wine and cheese or different drinks accompanied by chocolate. Food and drink touch us all and we would be pleased to guide you through this wonderful world of taste combinations. We hold wine tastings for a minimum of 10 guests. The price includes VAT and the tasting takes about 1 hour.
